Test Signature Pad TOPAZ

V1.1

January 30th, 2020

1 Introduction

This document explains steps to be followed in order to install and to test TOPAZ Signature Pad Model T-L460-HSB-R.

2 Install Device Driver

In order to install Topaz Signature pad device driver for the first time, you need to follow these steps:

(YOU ONLY NEED TO FOLLOW THESE STEPS ONLY ONCE TO INSTALL TOPAZ DEVICE DRIVER ON YOUR PC.)

Step 1 – Check to see if another Topaz device driver is already installed

In order to avoid any possible complications, it is better to uninstall any previously installed Topaz Signature pad device drivers.

Please open Control Panel > Uninstall a program screen. Look for programs starting with **Sigplus** or **Topaz** and uninstall them.

[Désinstaller ou modifier un programme](#)

Pour désinstaller un programme, sélectionnez-le dans la liste et cliquez sur Désinstaller, Modifier ou Réparer.
